HELPING PEOPLE TO RESTART THEIR EMPLOYMENT

INTRODUCTION

The Restart Scheme is part of the government's Plan for Jobs to help people and businesses recover from the economic affects of the Covid-19 pandemic.

The scheme gives individuals on out of work benefits enhanced support to help them find jobs in their local area.

Ingeus will be delivering the Restart Scheme across Greater Manchester on behalf of the Department for Work and Pensions, working in partnership with local partners and employers to break down any employment barriers that could be holding people back from finding work. We will provide up to 12 months of tailored support for each participant.

To access the Restart Scheme, Claimants must be referred by their Jobcentre Plus Work Coach. Referrals will be made over a 3-year period and will benefit claimants who are expected to look for and be available for work but have no sustained earnings.
